

Fujitsu Semiconductor Memory Solution Limited

March 8th, 2022

Dear Valued Customers

We would like to share with you our supply chain situation about the issue on Russia/Ukraine conflict.

- At this time, there are no impact to manufacturing operations
- We have no manufacturing assets in the immediate region
- There are no meaningful indirect or direct raw material procured from the immediate region
- We are monitoring closely the situation as well as the surrounding regions in Slovakia, Poland, & Romania.

Currently, there is no impact on the production situation, but we will continue to monitor the situation closely, as materials and resources in other regions may become tight if the supply of Russian and Ukrainian products remains disrupted.

If there are any changes in the situation, we will update the information in a timely manner.

Sincerely,

Director,
Sales Department II
Yusuke Nozu
