

March 15, 2022

Dear Sirs,

RE: Russia-Ukraine Crisis Impact on Manufacturing and Delivery

This is in response to your letter dated March 1, 2022 concerning the impact of the Russia-Ukraine crisis on our manufacturing and delivery.

At the time of this message, we do not see any impact on the production of the following products.

Lithium metal rechargeable batteries (Manufactured in Japan and China)

Coin capacitors (Manufactured in Japan and China)

Chip capacitors (Manufactured in Japan)

Silver oxide batteries (Manufactured in Japan, packaged in China)

Quartz Crystals (Manufactured in Japan and Malaysia)

Here below are the answers to your questions.

- *Do you yourself have facilities in Russia or Ukraine (production facilities, warehouse etc.)?*

[Answer]: No, we do not have any facilities in Russia or Ukraine.

- *Do you buy machines, components or materials from these countries which are necessary to produce your products? If yes, are there any alternative sources?*

[Answer]: No, we do not procure machines, components or materials from these countries.

- *Do you use transportation routes through these countries?*

[Answer]: As for the shipment from our manufacturing location to our Germany warehouse (Neu-Isenburg), we do not use transportation routes through these

countries. As for the delivery from Neu-Isenburg to your locations, please contact Seiko Instruments GmbH.

- *Which potential impact do you see for your production, and what measures do you take to stabilize the supply chain?*

[Answer]: We do not see any potential impact on our production, at the time of this letter.

If we see any change in the situation, we will let you know as soon as possible.

Should you have any questions or concerns regarding this issue, please do not hesitate to contact us.

Sincerely yours,

Yuki Akahira
