Dear Sir,

We refer to your letter dated March 1, 2022.

The situation about Ukraine and Russia is getting severe, and we, MiTAC Computing Technology Corporation, also pay high attention and keep monitoring it.

As to your concern points, please find our response below:

1. Do you yourself have facilities in Russia or Ukraine (production facilities, warehouse etc.)?

MiTAC >> No, We (MCT) do not have any facilities in Russia or Ukraine.

2. Do you buy machines, components or materials from these countries which are necessary to produce your products? If yes, are there any alternative sources?

MiTAC >> No, we did not buy machines, components or materials from Russia or Ukraine.

3. Do you use transportation routes through these countries?

MiTAC >> No, we do not.

4. Which potential impact do you see for your production, and what measures do you take to stabilize the supply chain?

MiTAC >> No, so far as we did not purchase the material from these countries. However, there might have potential impact about the semi-conduct industry, we have asked the chip vendors to try to provide more inputs about this, it is not yet clear at current stage.
