Re: Impact of Ukraine conflict on supply chain

Dear Customer,

We have conducted the following assessments of our product supply chain, as the conflict between Russia and Ukraine escalates.

1. We do not have any facilities (including production facilities, warehouse, etc.) in Russia or Ukraine.
2. We have not purchased any machines, components or materials from Russia or Ukraine which are necessary to produce our products.
3. We do not use transportation routes through Russia or Ukraine.

Therefore, our product supply chain is not being affected by this conflict at the present stage. If there is any update, we will notify you as soon as possible to reduce the impact of this conflict on our mutual business.

Should you have any questions, please let us know. Thank you very much.

Very truly yours,

**Harvatek Corporation**
